At Itaca, we believe every surface tells a story of craftsmanship, creativity, and purpose. Our innovation is shaped by design and driven by function, bringing ideas to life through every slab. With a legacy of excellence and a vision of the future, we continue to create surfaces that inspire spaces, people, and possibilities.

# 2 Surfaces

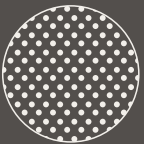

Itaca slabs are available in two distinct surfaces – Polished and Matt – each designed to enhance the aesthetic and functional appeal of your space.

## 2 Surfaces

### 1. Polished [Surface]

The Polished Surface enhances the slab's depth and brilliance, offering a luxurious mirror-like look that elevates both contemporary and classic spaces. It reflects light beautifully, adding dimension and a high-end touch to interiors.

### 2. Matt [Surface]

The Matt Surface provides a smooth, refined texture with minimal glare, ideal for achieving a calm, modern aesthetic. It delivers a natural feel underfoot and is perfect for areas where subtle sophistication is key.

## 2 Series

### Saltix

Inspired by the timeless Salt & Pepper look, this collection features subtle speckles that add visual intrigue. The design provides a classic aesthetic with the technical reliability of modern fullbody slabs.

### 4EVER

The Forever Series embraces simplicity with rich, solid colors that never go out of style. Ideal for bold statements or minimalist harmony, these slabs are designed to blend seamlessly into architectural and interior themes, leaving a lasting impression.
